

Bachelor in Mobile Computing B.Sc. - Hof University — Hof University

Source: <https://www.hof-university.com/studying-at-hof-university/our-degree-programs/mobile-app-development-bsc.html>

In the Mobile App Development program at Hof University, you will acquire all the skills you need to design and implement modern apps. In doing so, you decide for yourself in which platforms (iOS, Android, Web) you want to focus.

The special focus on practical exercises and projects and the diverse teamwork will also help you develop your soft skills and enter your future professional life.

You will find further information in the program flyer (available in German only).

Conception, design and development of apps for mobile devices

Design and programming of web applications with mobile access

Mobile App Development

15. July

Info and services

Study program ambassador

My name is Hannes Steineland I have been studying this program since WS 2020/21. In order to specialize in the development of apps, I have chosen this study program here at Hof University.

If you are also interested in studying Mobile App Development at Hof University and have questions, feel free to contact me!

Just send me an email at [hannes.steineland\(at\)hof-university.de](mailto:hannes.steineland(at)hof-university.de)!

The campus is the management and administrative center of the university. Here you will find the university library, high-tech laboratories and university sports facilities.
